Attention: Mark Roblin, Environmental Coordinator

Re: ARC Resources Certificate of Restoration Application (Part-II) for the Well Site ARCRES Et Al Tower 16-15-81-17 W6M (WA # 22817)

This office has received an Application for a Certificate of Restoration (CoR-Part II), and a Surface Reclamation Assessment Report (**Schedule B**) for wellsite for the above referenced well authorization (WA # 22817) submitted by Vertex Professional Services Ltd on behalf of ARC Resources Ltd on December 16th, 2019.

Based upon review of the information provided by the applicant, the reclamation inspection assessment report was reviewed and was found that the site has been fully reclaimed and the restoration of the site is satisfactory. Therefore, your application for a Certificate of Restoration is approved and a copy of the Certificate of Restoration is enclosed (Certificate # 6068).

Please note Section 41(3) of the Oil and Gas Activities Act (OGAA) and section 47 (1) of the Environmental Management Act, which respectively read:

"The issuance of a certificate of restoration does not relieve a person from any obligations under section 40 or under an order referred to in subsection (1) (b) of this section in respect of any matter that was not known to the commission at the time the certificate of restoration was issued."

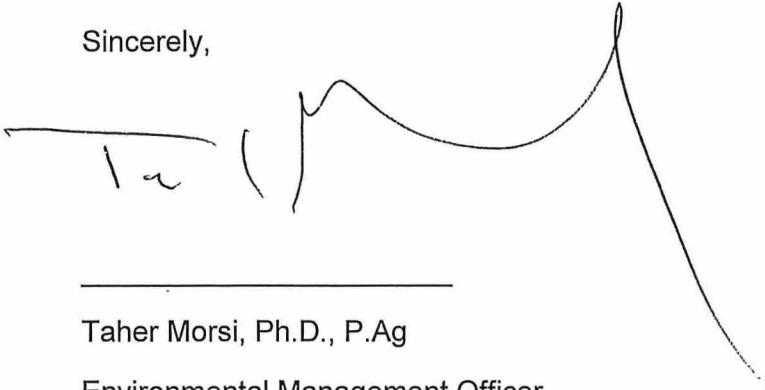

And:

"A person who is responsible for remediation of a contaminated site is absolutely, retroactively and jointly and separately liable to any person or government body for reasonably incurred costs of remediation of the contaminated site, whether incurred on or off the contaminated site."

Therefore ARC Resources Ltd remains liable for any contamination presently on site.

Any questions can be directed to the undersigned at (250) 794-5234

Sincerely,

A handwritten signature in black ink, appearing to read 'Taher Morsi', written over a horizontal line.

RESTORATION INFORMATION		C
Description of Area(s) Restored (Location, Remote Sump, Access and other disturbed areas affiliated with this location):		
The site is located on private land approximately 16 km southeast of Taylor, British Columbia, within the Agricultural Land Reserve. A survey plan completed on January 3, 2007, indicates that an access road is associated with the site (Attachment 1). Vertex Professional Services Ltd. completed a Schedule B – Site Reclamation Assessment (Schedule B) on the wellsite and access road (Attachment 2; Vertex Professional Services Ltd., 2019). Results from the 2019 Schedule B indicate that the landscape, soil and vegetation parameters on the wellsite and associated clearings have been satisfactorily reclaimed.		
Details of any areas left unrestored at Landowner's request:		
No areas were left unrestored at the Landowner's request. The landowner verbally confirmed that he is satisfied with the reclamation on-site. A release was mailed to the landowner on December 10, 2019, and a copy will be forwarded to the OGC once it is received.		
Was "Approval to Construct" subject to any reclamation conditions?	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO
Reclamation Inspection Report included?	<input type="checkbox"/> YES	<input checked="" type="checkbox"/> NO
Is this location within the Agricultural Land Reserve? <i>If YES, attach Schedule B</i>	<input checked="" type="checkbox"/> YES	<input type="checkbox"/> NO

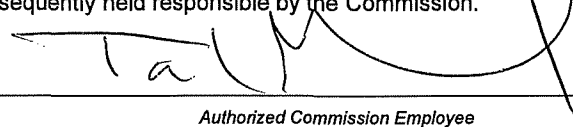

CERTIFICATE OF RESTORATION

CERTIFICATE NO.

6068

This is to certify that the surface of the land held in conjunction with, or incidental to, the above application is deemed to be satisfactorily restored. Despite the issuance of this Certificate, the Ministry of Environment has the authority to order further site investigation or remedial action upon inspection of the site or file. Issuance of this certificate does not relieve the Applicant of any restoration requirements for which the Applicant is subsequently held responsible by the Commission.

Approval Date: Jan 17, 2020
