Dear Mark Piercey:

**RE: PRODUCED WATER DISPOSAL SPECIAL PROJECT CANCELLATION
TERVITA FLATROCK 14-7-84-16 (WA# 5774)
FLATROCK FIELD – DUNLEVY FORMATION**

The subject well was drilled and completed in 1982 in the Halfway 'F' pool as an oil well but only produced minor amounts of oil. The well was later reentered in 1996 and completed into the Dunlevy formation for water disposal. Approval for salt water disposal into the Dunlevy formation was granted on January 23rd, 1996. Disposal commenced in 1996 and the final reported disposal into the well occurred in November 2014. On November 1st, 2019, Tervita Corporation indicated having no plans for reactivation of this well and concurred that cancellation of the disposal approval is appropriate.

Pursuant to the *Oil and Gas Activities Act (OGAA)* section 75(2)(b), the Commission may cancel, suspend or amend a designation (iii) if the Commission considers that the designation is spent, or (iv) if the Commission considers that the designation is no longer appropriate, including, without limitation, for reasons of (a) public safety, (b) protection of the environment, or (c) conservation of petroleum and natural gas resources.

The Special Project Approval 96-02-001 for the Flatrock field, Dunlevy formation well Tervita Flatrock 14-7-84-16 (WA 5774) is hereby cancelled under section 75(2)(b) of OGAA. In accordance with Section 75(2)(b)(iii), the Commission considers that the designation is spent.

Should you have any questions, please contact Logan Gray at (250) 419-4465 or the undersigned at (250) 419-4430.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ron Stefik".
