Attention: Mr. L. R. Miskew, Chairman,
Operating Committee,
Inga Unit No. 3

Dear Sirs;

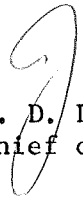

Re: Application for Amendment of Concurrent Depletion
Approval - Inga Unit No. 3

*h-46-B
included*

This will acknowledge receipt of a copy of your letter dated August 19, 1975 requesting that approval of the increased daily production allowable be made effective on the date of Unit enlargement.

As the enlargement of the Unit to include (among others) tracts 9 and 10, in which Shenandoah Oil Corporation and Cardo Canada Limited have an interest, has resolved the problem mentioned in Mr. Dingleys' letter of November 13, 1974, then, as indicated in that letter, the gas allowable of 15 MMSCFD for the Unit is hereby approved for an initial period of 2 years. The effective date of this approval is September 1, 1975. Application for extension of the approval should be made prior to September 1, 1977 and be accompanied by evidence of satisfactory reservoir performance.

Yours truly,

J. D. Lineham,
Chief of Branch.
