This will acknowledge receipt of your application dated 1980 04 14 requesting discovery well status and approval to produce gas and oil concurrently from the Bluesky - Gething oil well Kaiser Numac Buick 7-19-88-19 W6M.

This is to advise that your application for discovery well classification for the Gething oil pool is approved under Section 8.06 of the Drilling and Production Regulations.

With respect to the application for concurrent production, we wish to advise that the Branch will approve your application provided that no valid objections are received from any interested parties following publication of the attached gazette notice. The conditions of the approval will be:

1. The area for concurrent production is section 19-88-19 W6.
2. The oil allowable for the area is 4.8 m³/d.
3. The gas allowable for the area will be limited to 8.5 10³m³/d.
4. Gas production will be conserved.
5. The effective date of this approval will be the date the Branch is advised of completion of gas conservation facilities.
6. This approval may be modified or rescinded at any time.

Yours very truly
