Dear Sir:

Re: Conversion to Water Disposal  
d-15-D/94-G-8

This is to advise that approval is granted to convert the subject well to dispose of water produced with gas from the Baldonnell zone in the well a-4-D/94-G-8. The conversion of the well should be as presented in the application dated April 30, 1970, so that water is disposed of into the open-hole completion across the Baldonnell zone.

Approval is effective immediately; terms may be modified at a later date if deemed necessary.

Yours truly,

J. D. Lineham
