March 4, 1974.

ATTENTION: Mr. G.C. Whittaker

Dear Sirs:

Application for Good Engineering Practice
Kotcho Lake Field

Your application for a Good Engineering Practices Project in the Kotcho Lake Field dated June 20, 1973 and amended October 17, 1973 is approved as follows:-

1. This approval shall apply to Slave Point production taken from wells drilled now or in the future in the following area of the field.

94-I-14	Block K	Units	34,35 44,45 54,55,56,57,58,59 64,65,66,67,68,69 74,75,76,77,78,79 84,85,86,87,88,89 92,93,94,95 * 72,73,82,83 ← eff 1984 to 01.
94-P-3	Block C	Units	2,3,4,5 12,13,14,15 22,23,24,25 34,35 44,45 54,55,56,57,58,59,60 64,65,66,67,68,69,70 80 90 100
	Block D	Units	51 61, 71 81 91

2. Normal daily gas allowables will no longer apply and wells may be produced at rates compatible with good engineering practice. Wells drilled in leaseline spacing areas will be subject to normal spacing regulations.
3. A monthly status report showing wells producing, producing days, monthly gas and water production together with comments on any significant developments is required within 30 days of the end of the month concerned.
4. This approval may be modified or rescinded at any time if deemed necessary.
5. The effective date of this approval is March 1, 1974.

This approval ^gsupercedes the approval given on February 1, 1973 for Good Engineering Practice to Slave Point production taken from the spacing area of the well West Nat Kotcho Lake c-67-K/94-I-14.

Yours truly,

J.D. Lineham
