Attention: Mr. M. N. Kinakin, P. Eng.

Dear Sir:

Re: Application for Good Engineering Practice
Boundary Lake Field, Halfway Pool 'A'

*W.A. Sullivan
(PEX) GEP PROJECT (3)*

This refers to your application of 1980 05 26 requesting approval to develop part of the Boundary Lake Halfway Pool 'A' under Good Engineering Practice. Notice of your application was published in two consecutive issues of the British Columbia Gazette.

As no objections were received your application is approved subject to the following conditions:

1. The GEP area is N $\frac{1}{2}$ Section 15-85-14 W6M.
2. The off-target factor will be waived for oil wells drilled within the GEP area. An exception to this would be for wells drilled within 100 m from the boundary between the GEP area and a developed offsetting spacing area, unless no objection is expressed by the offsetting lease owner.
3. This approval may be modified or rescinded at any time.

*1140 Aband. 10/1/80
