Dear Mr. Kwan:

**RE: INNOVATIVE TECHNOLOGY ORDER (former Experimental Scheme Approval)
CLARKE LAKE – SLAVE POINT “A” POOL**

The subject experimental scheme approval #05-15-001 was granted April 12, 2005. On June 22, 2009 Petro-Canada (now Suncor) submitted their final annual report for the subject scheme. In a letter dated October 25, 2010 Suncor confirmed that they have no further activities planned with respect to the subject scheme.

Please be advised that as of October 4, 2010, under transition to the new *Oil and Gas Activities Act (OGAA)*, the scheme approval #05-15-001 has been replaced by a special project approval under Order 05-15-001 under Section 75 of OGAA.

Special project order 05-15-001 is hereby rescinded effective November 1, 2010.

Should you have any questions, please contact Richard Slocomb at (250) 419-4421.

Sincerely,

Alex Ferguson
Commissioner
Oil and Gas Commission
