

Data Downloads File Changes due to Petrinex

EFFECTIVE DATE: Nov 1, 2018

The BC Oil and Gas Commission is implementing the Petrinex system as per INDB 2018-20. As a result of this implementation, several changes are required to the data downloads extract files (found at https://reports.bcogc.ca/plogc/Ext_Accnt.Logon). Please be advised that these changes to the structure and content impact the following files:

Download Title	File Name	File Type(s)
Drilling Data for all wells in B.C.	C_STATUS	.csv, .txt
Drilling Data for all wells in B.C.	codes	.csv, .txt
BC Pipeline Information	pipeline_project_details	.csv
FacilityIndexinAsciiFormatwithCommaDelimiter	facindex	.csv
Well Index By Authorization Number	well_index_by_wa	.pdf
Well Index By Authorization Number	well_index	.txt
Well Index By Location	well_index_by_location	.pdf
Well Index By Name	well_index_by_wellname	.pdf
Well Index in Ascii Format With Comma Delimiter	well_index	.csv
Well Index Documentation	well_index	.wri
Drilling Data for all wells in B.C.	water_disposal	.csv, .txt

The last date that each report will be generated in the current format, and the first date that the updated reports will be generated are as follows:

File Name	Current Report Last Generation Date	Updated Report Start Date
C_STATUS, codes, water_disposal	October 10th	November 10th
pipeline_project_details, facindex	October 21st	November 4th
well_index_by_wa	October 25th	November 1st
well_index_by_location	October 25th	November 1st
well_index_by_wellname	October 25th	November 1st
well_index.csv, well_index.wri, well_index.txt	October 25th	November 1st

Sample reports and further details on changes being made to these files can be found at <https://www.bcogc.ca/post-petrinex-samples>.
