Dear Stephen Penner:

**RE: PRODUCED WATER DISPOSAL SPECIAL PROJECT CANCELLATION  
CNRL LADYFERN d-44-H/94-H-1 (WA# 13644)  
LADYFERN FIELD – BELLOY FORMATION**

The subject well was drilled and completed in the Slave Point 'A' pool in early 2001 as a gas well. At the end of 2001, the well was completed in the Montney but the zone was immediately abandoned and in early 2002 the well was completed in the Bluesky formation. Approval for salt water disposal into the Belloy formation was granted on July 5<sup>th</sup>, 2004, however the zone was never completed. On November 7<sup>th</sup>, 2019, Canadian Natural Resources Ltd. indicated having no plans for reactivation of this well and concurred that cancellation of the disposal approval is appropriate.
