INFORMATION LETTER #OGC 07-22

Subject: Publication of Pool Designation Areas (PDA's).

To: All Stakeholders

The Oil and Gas Commission (OGC) maintains a Geographic Information Systems (GIS) dataset of PDA's for all oil and gas pools in British Columbia. The PDA's represent the OGC's current interpretation of pool distribution, formation assignment and areal extent. The PDA's also correspond directly to the annually published "OGC Hydrocarbon and By-Product Reserves in British Columbia" report.

The PDA dataset is in shapefile format and is available for download from the OGC web site: <https://www.ogc.gov.bc.ca/>. Access to the shapefile is via the "GIS Data" link found in the "Public Information" section of the web site.

The data can also be accessed by choosing the following link:
ftp://www.ogc.gov.bc.ca/outgoing/OGC_Data/Geology_and_Engineering/

Free shapefile viewers are available, including ArcGIS Explorer from ESRI:
<http://www.esri.com/software/arcgis/explorer/index.html>

If you have any questions regarding the above, please contact:

Lori Miller, GIS Coordinator
Information Technology and Systems Branch
Oil and Gas Commission
Phone: (250) 261-5713
Fax: (250) 261-2080
E-mail: Lori.Miller@gov.bc.ca

Jeff Johnson, Supervisor, Petroleum Geology
Resource Conservation Group
Oil and Gas Commission
Phone: (250) 952-0355
Fax: (250) 952-0301
E-mail: Jeff.Johnson@gov.bc.ca

Original signed by:

Alex Ferguson
Commissioner
BC Oil and Gas Commission
