INFORMATION LETTER #OGC 07-19

Subject: Canadian Standards Association CSA-Z662-07 Oil and Gas Pipeline Systems and Canadian Standards Association CSA-Z276-07 Liquefied Natural Gas (LNG) Production, Storage and Handling.

TO: All Stakeholders

Regarding the OGAA Implementation: All necessary regulations, documents and background information on OGAA can be found at www.ogc.gov.bc.ca/OGAA/
For any questions pertaining to the status of this document, please contact the Commission at (250) 261-5700.

Background

The Canadian Standards Association (CSA) recently released to the general public the latest versions of Canadian Standards Association CSA-Z662-07 Oil and Gas Pipeline Systems and Canadian Standards Association CSA-Z276-07 Liquefied Natural Gas (LNG) Production, Storage and Handling. CSA-Z662-07 was published in June of 2007 while CSA-Z276-07 was published in July of 2007.

Pursuant to the provisions of Section 12(1) and (2) of the Pipeline Regulation 369/98, the latest versions of these standards is incorporated into the Pipeline Regulation and came into force on November 27th, 2007.

Requirement

As there are significant changes and additions to the standards, the Oil and Gas Commission (OGC) requires all companies to review the latest version of CSA Z662-07 and CSA Z276-07. All companies must immediately take the necessary steps to ensure compliance with latest version of CSA Z662-07 and CSA Z276-07.

For further information please refer to CSA-Z662-07 Oil and Gas Pipeline Systems or CSA-Z276-07 Liquefied Natural Gas (LNG) Production, Storage and Handling. This information can be found through the CSA website at www.csa.ca.

If you have any questions regarding the above, please contact:
