Dear Mr. Melnyk:

**RE: GOOD ENGINEERING PRACTICE SPECIAL PROJECT
OTHER THAN NORMAL SPACING ORDER
ATTACHIE FIELD – MONTNEY FORMATION**

The Commission has reviewed your application dated June 28, 2011, requesting a Good Engineering Practice approval for the Attachie field - Montney formation.

The application is intended to extend successful development beyond the current approval areas, as gas recovery from this resource benefits from the ability to produce horizontal wells in optimal locations, drilling from central sites. For regulatory purposes, the Commission designates the entire Montney sequence as a single formation, removing commingling as an issue.

The following Orders are attached;

- 1) Order 11-06-035 designating Good Engineering Practice, within a portion of the Attachie field Montney formation as a Special Project under section 75 of the *Oil and Gas Activities Act*, and
- 2) Order 11-06-035-OTN approving Other Than Normal Spacing under section 65.1 of the *Petroleum and Natural Gas Act* for the subject formation and area.

Should you have any questions, please contact Kelly Okuszko at (250) 419-4433 or Travis Mercure at (250) 419-4448.

Sincerely,
